### **DETAILED ACTION**

1. Applicants' Response to Office Action, received 2 May 2006, is acknowledged. Claims 15, 28, 29, and 42 have been amended. New claim 54 has been added.
2. Claims 15-42 and 54 are pending and under consideration.

### **Rejections Maintained**

3. The rejection of claims 15-42, and now newly added claim 54, under 35 U.S.C. 112, second paragraph, indefiniteness for differentiation of "growing" and "nongrowing", is maintained.

Applicants argue that the new amendments to the claims obviate the rejection.

The examiner has considered applicants' argument, but does not find it persuasive. As newly amended, the claims now recite that mutated bacteria are placed in the presence of an antimycobacterial agent "for a time and at a concentration of the antimicrobial that effectively kills growing, but has reduced affect on or does not kill non-growing bacteria". Any surviving bacteria are selected, tested for virulence , and finally selecting the non-virulent strains. It remains unclear how one distinguishes between the wanted and nonwanted bacteria if the antimicrobial has "reduced affect" on non-growing bacteria without some iteration of what constitutes "reduced" affect. This reduction may be 0.1% or 100%, e.g., if the "reduced" affect is only 0.1%, i.e., this means it results in the killing of 99.9% of non-growing bacteria. Thus, it is unclear what level of "reduced" affect is acceptable for the instant invention. Newly added claim 54 would have been included in the original rejection is it had been presented at that time. Therefore, it is now included.

### **Conclusion**

4. No claims are allowed.

Art Unit: 1645

5. Applicant's amendment necessitated the new ground(s) of rejection of newly added claim 54 as presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
